Boats

- The boats are available at the pontoon on Baløy from 4.00 pm on the day of arrival and must be returned to the pontoon on Baløy by no later than 3.00 pm on the day of departure.
- There are four 4-person rowing boats and four 5-person rowing boats, all of which are numbered. Please use the boat that you have booked and return it to the numbered berth on the pontoon after use.
- There are fixed oars in all boats. The boats have the option of two sets of oars, allowing two people to row simultaneously. Additional oars in the Boathouse at Rongevær.
- The rowing distance from Baløy to Rongevær Coastal Cabin is approximately 300 metres.
- We have life jackets for more people than there are places on the boats, but these are a mixture of jackets for children and adults, so please feel free to bring your own life jacket if you have one. Please return the life jacket after use.
- There are additional oars in the Boathouse at Rongevær.
- We do not have fishing gear nor any other equipment for water activities, so individuals will need to bring their own if required.
- **All boats have a drain plug at the bottom. This must be screwed in before use to prevent water from entering. On returning the boat, the drain plug must be unscrewed again to prevent the boat from filling with rainwater.**
- **The use of boats is at your own risk.**
- **Show good sea sense! Do not overload the boats, and take into account the weather, wind, waves and other boat traffic.**

Fire instructions
